Please find the **posters** [here](#) [3].

Wednesday, 4th April 2018

OPENING KEYNOTE LECTURE

17:00-18:00

Bogusław Pawłowski (University of Wrocław, Poland): Immunity, body morphology and androgens - testing immunocompetence in men

Thursday, 5th April 2018

KEYNOTE LECTURE

9:00-10:00

Evelyne Heyer (National Museum of Natural History, Paris, France): Importance of culture in Human genetic diversity and evolution

SPEED SESSION 1

10:00-10:30

Adam Flitton (University of Exeter, Human Behaviour and Cultural Evolution Group): Examining long-run determinants of modern-day economic development: State history affects the quality of modern institutions.

Flóra Samu (Hungarian Academy of Sciences, MTA TK "Lendület" Research Center for Educational and Network Studies (RECENS)): Exchange of reputational information and cooperation: A laboratory experiment

Joanna J. Bryson (Computer Science, University of Bath; Center for Information Technology Policy, Princeton): Explaining Parochialism: A Causal Account for Political Polarisation in Changing Economic Environments

~ Coffee break ~

KEYNOTE LECTURE

11:00-12:00

Marina Butovskaya (Russian Academy of Sciences, Moscow, Russia): Genes, aggression and reproduction in traditional African societies: an evolutionary approach

SPEED SESSION 2 – 12:00-12:30

Gert Stulp (University of Groningen): Mismatch or misnomer?

Károly Takács (Hungarian Academy of Sciences, MTA TK "Lendület" Research Center for Educational and Network Studies (RECENS)): The Discounting of Evolutionary Explanations in Sociology

Stefaan Blancke (Department of Cognitive Science, CEU/ Department of Philosophy and Mora Science, Ghent University): Whence pseudoscience? An epidemiological approach

~ Lunch break ~

SESSION 1A

14:00-15:40

Anthony J. Lee (The University of Glasgow, Institute of Neuroscience and Psychology): Investigating mate preferences through a data-driven analysis of online personal descriptions.

Zsófia Csajbók (Charles University in Prague, Faculty of Science): A higher 'GPA' or at least a passing grade in all 'subjects'? Passing the exam as a potential mate

Ayten Yeşim Semchenko (Middle East Technical University, Ankara; Theoretical and Evolutionary Biology, Charles University, Prague): The Relationship between Dating Application "Matches" Attractiveness and Sexual – including Unsafe – Intentions

SESSION 1B

14:00-15:40

Erhao Ge (Lanzhou University, Department of Life Sciences): Large-scale cooperation driven by reputation, not fear of High Gods

Martin Fieder (Department of Anthropology, University of Vienna): New Evidence for the recent Evolution of Religions

Wendy Iredale (Canterbury Christ Church University): Giving guys get the girls - A study showing that displays of altruism predict reproductive success in males regardless of personal resources

Duncan N. E. Stibbard Hawkes (University of Durham): A Noisy Signal: Hadza hunting reputation and the costly signalling hypothesis

~ Coffee break ~

SESSION 2A

16:00-17:15

Robert Lynch (University of Turku): Social bonds, integration and reproduction in an immigrant population during World War II

Jaye McLaughlin (Brunel University, College of Life Sciences, Centre for Culture and Evolution): Economic inequality and violence in London neighbourhoods

Naomi Muggleton (Department of Psychology, University of Warwick): Do Men or Women Promote Sexual Double Standards? Evidence for Sex-Specific Control Theory

SESSION 2B

16:00-17:15

Petr Ture?ek (Faculty of Science, Charles University, Department of Philosophy and History of Science):
The impact of paternal and maternal grandmothers on their grandchildren survival in 17-19th century
West Bohemia

Maarten H.D. Larmuseau (KU Leuven, Biology, Laboratory of Socioecology and Social Evolution): Sex,
lies and Y-chromosomes: the secret love lives of our genealogical ancestors

Tereza Zikánová (Charles University, Faculty of Humanities/ National Institute of Mental Health): I
know you love me: Eye-tracking Study of Courtship Behaviors

POSTER SESSION

17:30-19:00

Friday, 6th April 2018

KEYNOTE LECTURE – 9:00-10:00

Maryanne Fisher (Saint Mary's University, Halifax, Canada): What We Know (and Don't Know) about
Women's Intrasexual Competition

SPEED SESSION 1

10:00-10:20

Nichola Raihani (University College London, Experimental Psychology): Cooperation and Conflict in
Paranoia

Janko Me?edovi? (Institute of Criminological and Sociological Research, Belgrade, Serbia): Evolutionary
trade-offs can explain inter-individual variance in psychopathy

~ Coffee break ~

KEYNOTE LECTURE

10:50-11:50

Ádám Miklósi (Eötvös Lóránt University, Budapest, Hungary): On dogs and humans: An ethological
approach to a friendship

SPEED SESSION 2

11:50-12:10

Sonja Windhager (Department of Theoretical Biology, University of Vienna): Shaping rating studies: social perception of facial morphs calibrated by body fat

Amy V Newman (Northumbria University, Psychology): No evidence for consistent eye colour preferences across relationship histories

~Lunch break ~

SESSION 1A

13:40-15:20

Laura J Brown (London School of Hygiene & Tropical Medicine, Department of Population Health): Are mothers less likely to breastfeed in harsh environments? Environmental quality and breastfeeding in Bradford, UK

Asmir Gražanin (Department of Psychology, Faculty of Humanities and Social Sciences, University of Rijeka): Can life history strategy predict assortment in personality traits?

Caroline Allen (Institute of Neuroscience, Centre for Behaviour and Evolution, Newcastle University, UK): Hunger, impulsivity, and early life adversity

Domagoj Švegar (University of Rijeka, Faculty of Humanities and Social Sciences, Department of Psychology): Facial emotion recognition in violent men: The role of female expression of disgust in sexual coercion

SESSION 1B

13:40-15:20

Mark Ord (Northumbria University, Department of health and life sciences): Mate choice copying: the next replication issue for psychology?

Mihály Berkics (Institute of Psychology, Eötvös Loránd University, Budapest, Hungary): Seven deadly sins of potential romantic partners: dealbreakers in mating preferences

Alexandre Suire (University of Montpellier, Institut des Sciences de l'Evolution de Montpellier, CNRS UMR 5554): Human vocal behavior within competitive and courtship contexts and its relation to mating success

Arnaud Tognetti (Institut des Sciences de l'Evolution de Montpellier): Does he sound cooperative? Acoustic correlates of cooperativeness

~ Coffee break ~

STUDENT WORKSHOP

15:40-17:10

Good practice in peer review - training session

Saturday, 7th April 2018

KEYNOTE LECTURE

09:00-10:00

New Investigator Award 2018

Eleanor Power (London School of Economics and Political Science, Department of Methodology): Faith in the Faithful: Religious Practice, Reputation, and Social Networks in Rural South India

SPEED SESSION

10:00-10:20

Sarah Myers (University College London, Department of Anthropology): A Life History Perspective on Maternal Emotional Investments During Infancy

Petra Gyuris (Institute of Psychology, University of Pécs, Hungary): Relatedness, rather than co-residence mediates the relationship of half and full siblings

~ Coffee break ~

PLENARY

10:50-12:30

Alyson Blanchard (Bishop Grosseteste University (Lincoln, UK), Department of Psychology): Desperate times & desperate measures: Existential threats and fast life history traits do not predict voting for Brexit or Trump

Bret Beheim (Max Planck Institute for Evolutionary Anthropology): Atherosclerosis as a Culturally-Transmitted Disease among Acculturating Horticulturalists

Katharina E. Pink (Family and Population Studies, Centre for Sociological Research, KU Leuven):

Extrinsic mortality effects on out of wedlock fertility in 18th and 19th century Krummhörn, Germany

Jitka Lindová (National Institute of Mental Health, Klecany; Faculty of Humanities, Charles University, Prague): Dominance, power and relationship quality in long-term heterosexual couples

~ Lunch break ~

SESSION A

14:00-15:40

Gianluca Grimalda (Institute for the World Economy): Social image promotes cooperation more than altruistic punishment

Daniel Redhead (University of Essex, Department of Psychology): The dynamics of cooperation and social status in a small-scale society

Szabolcs Számadó (MTA Centre for Social Sciences, RECENS "Lendület" research group): Caring for parents: an evolutionary rationale

Alberto J C Micheletti (University of St Andrews, School of Biology): Why war is a man's game

SESSION B

14:00-15:40

Masanori Takezawa (Hokkaido University, Department of Behavioral Science): Cultural evolution of artistic traditions in a laboratory: Entropy and aesthetic preferences.

Daniel Smith (University of Bristol, Bristol Medical School: Population Health Sciences): O Brother, where art thou? Investment in siblings for inclusive fitness benefits, not father absence, predicts earlier menarche

Barbara Batta (Pázmány Péter Catholic University, Institute of Psychology, Department of Personal and Clinical Psychology): Memory suggestibility in an evolutionary perspective

Anna Rotkirch (Finnish Family Federation, Population Research Institute): Gender differences in real-life friendship groups

~ Coffee break ~

ANNUAL GENERAL MEETING

16:00-17:30

GALA DINNER

19.00
